NOTICE OF HEARING

William Gibson

Las Vegas, Nevada 89139
Certified Mail #7106 7808 0630 0039 8220

Dear Mr. Gibson:

Permit 66699 which is currently held in your name, was cancelled as of March 11, 2009. This permit was cancelled for the permittee's failure to timely file the Proof of Beneficial Use as provided under NRS § 533.395.

The State Engineer has received a written petition from Larry Besherse requesting a review of the cancellation at a public hearing, pursuant to NRS § 533.395. Accordingly, a hearing has been set for 10:40 a.m., on Wednesday, July 15, 2009, to be held at the Division of Water Resources, Las Vegas Branch Office, 400 Shadow Lane, Suite 201, Las Vegas, Nevada. Failure to appear at the designated time and place will result in an affirmation of the State Engineer's cancellation.

You or your designated representative should plan to attend for the purpose of presenting evidence or testimony in support of your position concerning the cancelled permit. You should plan to bring to the hearing the names, addresses, and Clark County Assessor's parcel numbers of all persons or entities located within the place of use described under the permit.

The 1999 Nevada Legislature passed Assembly Bill 408, which requires the State Engineer to file a notice with the county recorder for any temporary permit issued pursuant to NRS § 534.120. The notice must include a statement that: (1) the temporary permit may be revoked, and (2) the owners of the property served by the well may be required to connect to the water source at their own expense.

You are expected to come to the hearing with an original and one copy of any exhibit that is being offered into evidence for submission to the State Engineer.
